EOT – REACH Declaration

Date: March 20, 2017

Applicable Regulation:

Declaration:

All EOT products meet the conditions of an article as defined in the REACH legislation including compliance with Annex XIV, Annex XV, and Annex XVII substances (SVHC) content, REACH Group 1 & 2 SVHC’s and REACH Candidate List of SVHC’s released through January 12, 2017.

Under normal and reasonable foreseeable conditions of use, no substance is intended to be released from the product. The product(s) referenced above contains less than 0.1% of any of the Substances of Very High Concern (SVHC) listed in the candidate list, revised and published by ECHA as of June 20, 2016. EOT does not intentionally add any of these SVHC to our product. Additionally, Annex XVII, “Restrictions on the Manufacture, Placing on the Market, and Use of Certain Dangerous Substances, Preparation, and Articles” either does not apply to the product(s) referenced above or the product(s) referenced above contain less than the maximum concentration allowed for the listed substances.

Disclaimer:

The information provided may not be based entirely upon actual test data, but rather on information obtained from raw material suppliers or vendor Material Safety Data Sheets.
